The Honorable Michael C. Roach
Stephens County Judge
200 West Walker Street
Breckenridge, Texas 76424

Via electronic mail to mroach@stephenscountytexas.gov

Dear Judge Roach:

On Wednesday, October 7, 2020, Governor Abbott issued Executive Order GA-32, which supersedes GA-30 and GA-31. Significantly, GA-32 updates the thresholds for areas with high hospitalizations.

The new definition of areas with high hospitalizations is:

Any Trauma Service Area (TSA) that has had seven consecutive days in which the number of COVID-19 hospitalized patients as a percentage of total hospital capacity exceeds 15 percent, until such time as the Trauma Service Area has seven consecutive days in which the number of COVID-19 hospitalized patients as a percentage of total hospital capacity is 15 percent or less.

Under the criteria laid out in GA-32, your area, TSA D, meets the definition of a high hospitalization area and so may not conduct elective surgeries or reopen to the higher levels allowable under GA-32.

TSA D includes the following counties:

- Brown County
- Callahan County
- Coleman County
- Comanche County
- Eastland County
- Fisher County
- Haskell County
- Jones County
- Knox County
- Mitchell County
- Nolan County
- Shackelford County
- Stephens County
- Stonewall County
- Taylor County
- Throckmorton County

Data on hospitalizations may be found at: www.dshs.texas.gov/ga3031.

GA-32 allows counties in TSAs with high hospitalizations to choose to operate at 75 percent capacity if:

- the county has fewer than 30 cases reported over the last 14 days, and
- the county judge submits an attestation to DSHS.

More information on this attestation process may be found at the link above.
