Dear Ms. Gharis,

Re: Peninsula RV Resort LLC /Permit Number WQ0016276001

Enclosed with this letter are copies of petitions consisting of signatures of people who are opposed to the approval of permit No. WQ0016276001, to authorize the discharge of treated wastewater into Hubbard Creek Reservoir. The majority of the signees live on or near Hubbard Creek Reservoir. All signatures taken were from our county, or within a 30-mile radius, with the exception of Hubbard Creek Reservoir homeowners from other towns or states.

The purpose of the petition was to raise awareness regarding this permit application and to express that contrary to what is stated on the Public Involvement Plan Form of this project proposal, there is public interest and opposition. The homeowners who signed within the .5 mile radius of the discharge site are notated with an asterisk.

I sincerely appreciate your attention to this matter.

Kind regards,

Donna Wade

REC'D 2 2 2023
Gen

Purpose of Petition:

To protest the issuance of the application approval by the Texas Commission on Environmental Quality for proposed Texas Pollutant Discharge Elimination System Permit No. WQ0016276001 (EPA I.D. No. 0143979) submitted by the Peninsula RV Resort LLC to discharge treated wastewater from the domestic wastewater treatment facility located approximately 1.53 miles northwest of the intersection of County Road 315 and Farm to Market Road 3099, in Stephens County, Texas 76424, via pipe, directly to Hubbard Creek Reservoir.
